JC Jacob Oberholtzer a Mennonite minister, according to family tradition, whose wife is said to have been born in Ireland, came to Bucks Co PA in the mid 1700's but no further record has been found for him, although on the 1784 tax in Bedminster Co a Jacob Oberholtzer has 7 in his family with no acres which would tie into the children he is said to have had.

JC1 Rev Jacob Oberholtzer 6/20/1767 Bucks Co - 7/17/1847 Ashland Co OH, bur Polk Cem, Ashland OH

He lived in Upper Saucon Twp, Northampton Co (now Lehigh) where he purchased 199 acres from his father-in-law, George Bachman 5/8/1794. He is said to have been a minister in the Saucon Mennonite Church and on 10/6/1804 sold his land for 1850 LB; between then and 1806 moved to Columbiana Co OH where it is said he became the first ordained Mennonite minister in Ohio. On 5/9/1807 he purchased Section 29 Beaver Twp from Thomas Farquhar for \$1923. He organized a Mennonite congregation in Beaver Twp in 1815 and in 1825 a log meetinghouse called Oberholtzers was built on Jacob's farm. Because of his disappointment at the congregation's rejection of continuance of the meetinghouse school, he moved to Ashland Co Ohio where he was a minister at Brubakers Mennonite. Tradition says he was a bishop. In the 1870 census his son Isaac said that he was not foreign born.

The story is told concerning the burial of one, perhaps both, of the Oberholtzer brothers. The grave was dug

and the weather was cold. It was election day, so the man doing the digging jumped down into the grave to keep warm while waiting for the body to be brought out from Columbiana. Hearing a buggy approaching on the public road the man in the open grave called out. "How did the election go?" Hearing the voice but not seeing anyone the passerby in the buggy made haste to leave the area with the greatest of speed. Simeon died 9/11/1864 and Abraham Lincoln was re-elected. These graves are very near the highway on Route 46. - Ruth Mellinger
