**JO Immigrant John Michael Oberholtzer** immigrated to Philadelphia, arriving on ship Ranier on Tuesday, September 26, 1749, whose names are underwritten by ship Master Henry Browning, from Rotterdam to its destination in England, they took oaths to the government. Johan's name was included. The passengers were from Hanau, Wirtemberg, Darmstand, and Isenbrg (or Eisenbrg) . He is said to have died in New York City while on his way to England. But this legally unconnected statement may have been Tory John listed as the JT Line, because Tory John could be traced in Bucks Co, and John Michael can not. This leaves the most probable outcome of John Michael to have been an early death after reaching Pennsylvania. His wife would have raised the children. He is the father of AC Abraham, as documented in the biography of George William Hansler, Esq of Pelham Township. He is also likely the father of IC, & CV due to place & time, and having children with like names that are not in other O Lines in America. The three brothers, AC, IC, & CV would have been under 14 years of age in 1754, and not recordable on the ship records.

**Isaac Overholt** is said to have been born in Bucks Co and the tax records show that is probably true. The only Isaac in Bucks Co was first found in Plumstead Twp 1775. He was in Capt McHenry's Company in Bedminster in the Rev War and disappears from the tax list after 1787. He appears to be the Isaac Overholt in the 1790 Census Frederick Co MD where two of his daughters married and probably left for Canada after daughter Mary married in 1799. After the Revolution, Isaac lived in Oxford Co ONT CAN. Isaac recieved a land grant July 3, 1797 Lot 14 Concession 7 Townsend (Clinton resident).

"One of our [OFA] members, who is related to the Swartz family, sent information recently that said Isaac Overholt c1746 - 1825 married the second time Widow Moyer is 1813 [1812?]. That is all the information he had. She must have been dead when he wrote his will in 1823 because he doesn't mention a wife, only children.

"I am sorry I can't name the parents of Isaac but it's not for lack of trying. I researched about 100 deeds and other records in Bucks Co but couldn't get a clue." - Barbara Ford to Therese M Koehler, 4/23/1997

Dear Anna E Weaver,

I'm sorry it took so long for you to get a response from us. Barbara Ford passed away back in November. Her son Jim Ford sent your letter to me last week. I worked on it as soon as I could.

I do not know to which family John Renner m Mary belong. As you can see, info is scant.

Feel free to write again,

Dennis L Oberholtzer

It is unknown who Isaac's first wife was, or from where she came. The immediate family of Abraham Renner had no Sarah or Sally, so it can be presumed that they did not have any long-term Irish connections. Sarah only shows up on this one entry of the Overholt family, and there is no known "Sally" references to her. But

Abraham Renner's mother was a Harman, and that family is closely connected to the Ogden family from England.
