SIX OBERHOLZER EMIGRANTS FROM WALD, SWITZERLAND

There are several places in the district of Wald which the Oberholtzer families lived. But the original homestead was in the town of Oberholz; it is also called the Upper House typically by the Alemanni families.

The Upper House families stayed Catholic (at least till the 20th Century). The valley families became Protestant. The younger generation moved to the "unter" (or Lower) House. This was at the Aa (meaning Spring) in the valley. As time progressed, a village grew up on the lower side of the Aa, and it became Aathal. The town of Wald is north, down the thal or valley from Aathal.

The family of Oberholz worshiped in the Catholic Church of Eschenbach, on the west side of the ridge. Some church records still exist. This changed when there were enough people to build the Chapel in Oberholz.

Some moved to Goldingen, remaining Catholic; with its first chapel in 1667. And some moved to St Gallenkappel, both toward Lake Zürich. Some of the Catholic Oberholzer family moved to Uznach, at the pass along the southern end of Lake Zürich.

 Marcus will written 1759: "I do bequeath unto my brother Samuel his three children."
 PROPOSED EXPLANATION: The Red Book page 149 shows MT Mark Overholt died in Tinicum in 1754. This
 takes him out of the legal documents, for he is already passed away. Next, MC5 Samuel died in 1757. His wife
 Elizabeth either dies next, or married Samuel's brother MC4 Marcus Oberholtzer. She dies within a year or two.
 Marcus has custody of Samuel's remaining three children, and bequeaths his estate to them in his will of 1759. He died
 in 1760.

 m Elizabeth Frick b c1693 - c1758 sister to Jacob Frick I of Neffsville

PROPOSED ASSUMPTION: The Schneider name comes from the Abraham Herr family, and is a new listing in the
 LMHS card file. Jacob Eby's will also has a witness on his will as Peter Schneider Sr.. Assuming this is correct,
 through the process of elimination, mathematically [SL] Samuel 1727's wife Elizabeth can be the only remaining
 person available to carry the surname of Frick. Since Jacob Frick is specifically called "Uncle" in one of the sale deeds
 of the property, one of the Elizabeths must be a Frick. Uncle and Grand Uncle were not differentiated in legal

documents of the time.

Also, there were two Jacob Fricks living in Manheim Township at the time. It is not completely established which Jacob Frick the will is referring. Both Jacob Fricks, and rifle maker Christian Oberholtzer lived as neighbors, complicating the matter but also bringing to light the close knit ties of the four families. -

Editorial Comment: This O Family Line is the last of the large O lines which I compiled, reason being it is the oldest in America, and has the most number of discrepancies. By combining Barbara Ford's *The Oberholtzer Book*, Elisha Loomis's *Jacob Oberholtzer Genealogy*; William H Oberholtzer's Compiled Notebook of 1996 issue 11; and four inches thick of notes from Barbara Ford's files, I believe we have the most accurate and up-to-date version of this family available. - Dennis L Oberholtzer, March 2011

d/o Michael Harnish b PA - 55 in 1860 Carroll Twp & Ann Graeff 14 children

Both bur Oakdale Mem Park Glenora CA ; An impressive grave marker is located on the family plot.

Samuel spent his youth in Ogle County IL. He came with his parents from Lancaster PA. According to Isaac Overholtzer the family stopped over for a year in OH enroute to Ogle Co. They settled in Polo. What education Samuel received was in Ogle Co. When he became of age he farmed for one year on his own. During this time he married Maria Harnish whose family lived in or near Mt Carroll in Carroll co. Polo appears to be about 100 miles west of Chicago and Mt Carroll is approximately 25 miles farther west.

The next year Samuel & Maria relocated in Carroll Co where he became established in farming and stock

raising. In the next six years they lost their first son but were blessed with a daughter, Emma and a son William called "Billie".

In 1864 the Civil War had been dragging on for three years. That year a large group of farmers and others banded together and decided to travel to California by horse drawn covered wagons, an arduous undertaking of some 2000 miles. The group started in the early spring (April/May). Enroute in Nevada on Sept 9th 1864 another son was born to Samuel and Maria. Appropriately he was given the name of Michael Nevada Overholtzer.

In due time the party arrived in the Northern California are some six months after the start. Samuel was elected to settle in Yolo County, east of the Sacramento River. His older brother Peter and wife Hannah chose to go on to Oregon.

Another son, Isaac was born during the two years of farming in this area. The flooding of the Sacramento River and the inundating of the farm lands made this location rather inhospitable. The family with four children moved southeast to San Joaquin County, first on the east side of the river briefly then to the west side at a location five mile west of the river and seven mile southeast of the town of Banta. Samuel farmed his own quarter section of land and share-cropped on other lands in the vicinity. All of this was dry farming as there were no irrigation canals in those days.

During his stay in San Joaquin County he became a strong supporter of schools for the district. He served as Trustee on the school board for 15 of the 19 years he resided in the county. He was also an active member of the Brethren or Dunkard Church. In San Joaquin County 3 girls and 5 boys were added to the family, making a total of 11 surviving children. In 1886 Samuel purchased 80 acres of undeveloped land in Los Angeles Co near Covina. This property had been part of the J S Phillips Tract and was bounded by Puente St, Rowland Ave, Azusa Ave, and Hollenbeck. He built a modern two story home with barns and other buildings. The Overholtzers were exceptionally hospitable. They would often entertain 25 or 30 overnight guests, particularly those from back east, many of whom were looking for homes in California.

Systematically Samuel cleared the land and planted:

25 acres for an orange grove, mostly Washington Navls and the rest in Mediterranean Sweets.

7 acres for deciduous fruits, peaches, apricots, prunes, apples, pears.

6 acres for a grape vineyard – 7 varieties of table grapes.

8 acres for alfalfa which with irrigation produced seven crops per year.

The Southern California orange boom was just beginning and Samuel helped form the Covina Citrus Association of which he was a Director. Another important adjunct to farming was adequate water for irrigation. Samuel was associated with two water companies. He was a stockholder in the Azusa Water and development and Irrigation Company and a Director 1897-8. He was a Director of the Covina Valley Bank.

In Covina, Samuel and his family were active in the German Baptist Church where he served as a deacon. Perhaps the outstanding accomplishment of Samuel Overholtzer was his participation in the founding of the Lordsburg College. Samuel, Daniel Houser and the brothers David and Henry Kuns were the four founders and the first Trustees. Recently the college became know as LaVerna University.

To establish the college the founders purchased 100 lots at a cost of \$15,000 on March 6, 1891. On March 30, 1891 this property was deeded to the Lordsburg College Association. In honor of the founders there is now a "Founders Hall" dedicated to those four individuals. Samuel had very little formal educational training but nevertheless he worked zealously for the growth and expansion of Lordsburg College.

When he died on April 14, 1900, Samuel left considerable property to his children.

Mike was born in Nevada while his parents were enroute from Carroll County IL to Northern California b covered wagon. His early education was in San Joaquin Co but his father sent him back to the old home town in

Illinois to attend Mount Morris College. When he returned to California he worked on his father's ranch until the family moved in 1886 to Covina CA in which they were pioneers. With other members of the family he became active in civic affairs and in the German Baptist Church. He was also a member of the Covina Citrus Association.

In 1905 with two brothers and a sister he moved to Codora, Glenn County in northern California to further pursue his interest in farming. It is believed that he later returned to southern California.

 buried in LA, casket later transferred in 1977 to CEF Headquarters in Warrenton MO as a memorial.
 Jesse was a farmer and minister. He spent his boyhood days in San Joaquin County, moving with his parents in 1886 to Covina in Southern CA. He attended Centre Public School then went on to 4 years at Lordsburg College (now LaVerne University). For a year after college he published the Lordsburg Sunbeam a weekly issue. He was also an agent for the Hartford Insurance Company and part owner of Lordsburg Water Co plant. It is believed that he made an unsuccessful attempt at gold mining in the Mojave desert.
 In 1897 he married Anna Ewing. Her sister Hattie later married Jesse's brother Clarence. In 1905 after the birth of their 3rd child, Jesse moved his family to Glenn County in Northern CA where new land was being opened up for farming. This move was a cooperative venture with two of his brothers, a sister and their families. They named the area Codora as a contraction of Covina and Glendora where they had been living. Jesse planted fruit trees.
 Jesse was a minister and deacon in the German Baptist Church. During his stay in Codora he became concerned about the spiritual welfare of children. As the result of a series of meetings he became convinced that salvation was by faith and that a child could accept the gift of salvation by grace. This caused a confrontation with his denomination. After a year of consideration he did not change his views and parted ways with the church.
 In 1919 he sold his ranch and moved his family to Berkeley CA. After a year of intensive Bible Study he was able to interest a group of people in Children's work. This involved training classes and open air evangelization of

children. Much of the early work was experimental but it soon became established. Out of this was formed the International Child Evangelism Fellowship, an organization that has workers in every state and over 68 countries. Headquarters were first established in Chicago then later moved to Dallas, Pacific Palisades and Grand Rapids. Present headquarters are in Warrenton MO on the grounds of a former college campus. Mr Overholtzer had the support of many of the outstanding leaders of Christian churches and organizations. The work was non-denominational.

Two biographical books have been written about Jesse I Overholtzer: *The Modern Weeping Prophet* and *The Indominable Mr O*.

 In July 1905, he joined two of his brothers and an older sister in a farming venture in Codora, Glenn Co CA.

They named the town Codora, from a combination of the names Covina and Glendora, their home towns.

 Abraham built log house 1838, later became shop, later his mother moved in 3/1866 as she was without a
 home of any kind, or a dollar of property. The house "had no cellar, a puncheon floor, only one room, an entrance way
 and storage hall, and a loft over all." It was in that house Elisha "learned to master written arithmetic and algebra
 without the aid of a teacher, my evening light being that made by an old lard lamp."

REF: Bucks Co Will #8669, 1847; signed his will as Jacob Oberholtzer

The following is a comment by Tom Myers to Dennis L Oberholtzer:

Jacob Overholt is JF151 in The Oberholtzer Book. Unfortunately, the author of the Groveland article made a mistake about the name of Jacob's daughter, who was the wife of Christian Myers. But the Moyer history and other sources confirm that Christian and Susanna (Overholt) Myers had the three children listed in the article. Jacob Overholt's obituary in the Bucks County Intelligencer indicates that he died 8/6/1847 in Plumstead Township at the home of his son-in-law Christian Myers. This date of death matches what is recorded in The Oberholtzer Book. The will of Jacob's sister Elizabeth bequeaths her estate to her niece Susanna, wife of Christian Meyers. This further proves that the family relationship as documented in The Oberholtzer Book is correct.

The Oberholtzer Book provides a reference of Will #8669 for Jacob Overholt himself. My book on Bucks County wills does not include any such will and in the Bucks County Estate index this is one of the rare listings that does not indicate whether or not there was a will. I suspect the Groveland article is correct and that there was no will but I'd have to go to Doylestown to check this. My books on Bucks County Miscellaneous Deeds don't include the DB 125/579 reference listed for Susanna and Christian. But that deed book would have covered 1864 and so this reference probably deals with the settlement of Christian's estate.

There appears to be a missing generation in the sale of an 80 acre farm. Immigrant Mathias Stauffer was deceased at the time of the sale of the 80 acres. Mathias & Anna sold their 80 acre farm in Lower Salford Twp to son Christian Stover on June 11, 1796. Son Christian sold it on Apr. 20, 1833 to his son Eli. If the property of Immigrant Mathias was transferred to his son Mathias without present deed info, this is the only way this property could apply to this family.
