HOW THIS BOOK IS ORGANIZED

Family Names are listed in alphabetical order, unless they were not known at the time of compiling. The family in Europe is designated by Roman Numerals going back in time. The number after the hyphen is the number order of the child's birth. If the order number is not known, the number is 0.

Siblings Number series run 1, 2, 3, 4, 5, 6, 7, 8, 9, 0, a, b, c , d, e, f, etc

(The following are hypothetical examples, not correct information):

There are several places in the district of Wald which the Oberholtzer families lived.
The original homestead was in the town of Oberholz. Also called the Upper House typically by the Alemanni families.
The Upper House families stayed Catholic (at least till the 20th Century). The valley families became Protestant.
The younger generation moved to the "unter" (or Lower) House. This was at the Aa (meaning Spring) in the valley.
A village grew up on the lower side of the Aa, and it became Aathal.
The town of Wald is north, down the thal or valley from Aathal.
The family or Oberholz worshipped in the Catholic Church of Eschenbach, on the west side of the ridge. Some church records still exist. This changed when there were enough people to build the Chapel in Oberholz.
Some moved to Goldingen, remaining Catholic; with its first chapel in 1667.
And some moved to St Gallenkappel, both toward Lake Zurich.
Some of the Catholic Oberholzer family moved to Uznach, at the pass along the southern end of Lake Zurich.

1st Party to leave Rotterdam; Arrived 1709 in England from Rotterdam at age 45, with wife & 5 children
m **Elizabeth Ely** Bought property on E side of Skullkill River from present Pottstown. The couple were settled by Thomas Fairman, a surveyor for William Penn, on 300 acres of the 500 acres previously held by Peter Bezalion, a fur-trader protege of Richard Logan, secretary of the colony. The land and a house built in 1700, were on the west bank of the Schuylkill River in present East Coventry Twp, south of Pottstown PA. Thomas Fairman died before giving them title; the fact was remedied by the Land Commissioners on March 20, 1719 on payment of 48 pounds.

In a letter Jan 21, 1982, John L Overholt of VA wrote Barbara Ford:

I've written our old friend in Ottawa to check the archives there for Overholt/Oberholtzer immigrants. The Mennonite Church is planning a 300th anniversary of the establishment of the church in 1983. Mr Ruth said they found where Marcus Oberholzer came from the east side of the Rhine River.

Marcus was on a list of 852 Germans from the Palatinate who came to England in 1709. He was 45 with a wife, sons 10, 8, 3 and daughters 6 & 1. Thomas Fairman pretended to sell him land in or before 1711 and in 1719 he obtained a warrant for 300 acres, of which 211 were surveyed to son Henry in 1735. After his death, the administration bond was posted by son Jacob, Jacob Casdorp & Jacob Beible on 12/3/1726.

MC1 Jacob Ely Overholt 1699 Europe - wp 11/7/1760 Plumstead Twp, Bucks Co freeman in Chester Co in 1721

m **Barbara [Wismer?]** abt 1700 – aft 1760

In Coventry, Chester Co, Jacob, s/o Marcus, paid taxes 1721-1735 and in 1734 obtained a warrant for 100 acres which were patented 1743 to Christian Brewer. On the 1731 tax list in Plumstead, Bucks Co, Jacob Overholt had 100 acres with corn, 4 cattle and 2 horses next to Mark Overholt and Jacob Wismer. (Father Jacob Wismer went to New Bern NC with Baron Von Graffen Reid's party. - John L Overholt, VA) Jacob Overholt (MC1) had leased land in 1726 from Isaac Leach and he bought the 185 acres in Plumstead Twp 1749, the majority of which was in Bedminster Twp.

"Jacob Wismer [Jr was] on the same ship bringing Henry Kolb and Jacob Oberholtzer to London in 1699, [also found ancestor Jacob Wismer was with Marcus Oberholtzer in London in 1709]; with father [Jacob Wismer Sr] went to New Bern, NC (Craven Precinct) with Baron von Graffenried in 1710 [Jacob's father bought 440 acres there] and moved to Bucks on adjacent farm to Jacob Overholt in 1726 (quit-rents and deed accounts of land ownership). Searching for his wife -- first wife is supposed to have been killed in Indian Massacre." - John L Overholt

The birth order of Jacob's seven daughters is not clear. Definitive evidence of their birthdates only exists for Hester (Overholt) Bachman, whose 5/16/1728 birthdate is recorded in the Bachman family bible. The Rosenberger Family History provides a birth year of 1726 for Barbara (Overholt) Rosenberger but no source is given. Since her first child was born in 1747, this birth year is reasonable. John L Overholt provides a birthdate of 9/30/1727 for Sarah (Overholt) Landis but provides no source. The Landis family Martyr's Mirror provides birthdates for Rudolph and their children but not for Sarah and Sarah's tombstone only gives her date of death. The birthdate given by John L Overholt is only 7½ months before the documented birthdate of Hester which makes this date unlikely. No other documentation exists as to the birthdates of the other daughters. Jacob's will provides conflicting evidence as to their birth order. His will lists his daughters in the order of Magdaline Landis, Anna Kolp, Elizabeth Kolp, Mary Bebehiver, Hester Packman, Barbara Rosenberger and Sarah Landis. However, his sons-in-law are listed in the order David and Tillman Kolp, Daniel Bebehiver, Henry Rosenberger, Rudolf Landis, George Packman and Abraham Landis. Given that Anna is known to have had the youngest of Jacob's grandchildren (Henry Landis, born 1760), it seems likely that she is the oldest daughter, consistent with the listing of the sons-in-law in Jacob's will. If that order is correct, this would appear to corroborate a 1727 birth year for Sarah, despite her husband being born in 1732. For consistency, the daughters are listed in the order originally used by Barbara Ford but it is likely that the correct birth order is Anna, Elizabeth, Mary, Barbara, Sarah, Hester, Magdalena, consistent with how the sons-in-law were listed in Jacob's will. Approximate birth years are given accordingly.

m abt 1803 **Barbara Wismer (MC _____)** 4/15/1785 Bedminster Twp – 4/17/1851 [1831?]
both bur Groveland Menn Cem, Plumstead Twp Bucks Co PA
Most of the members of this family changed the name to “Rickard”.
The Groveland cemetery transcription gives Barbara's age as 66 and her death year as 1851 but Barbara is not with Henry in the 1840 or 1850 census. It may be that her death year is 1831 and the tombstone misread.

m 2 nd abt 1835 **Michael Sellers Hunsberger** 11/3/1800 Franconia Twp – 2/6/1877 Franconia Twp
Fanny & Michael bur Leidy's Cem Souderton
Fanny's tombstone gives here birthdate as 2/25/1805. However, that conflicts with her sister Barbara whose tombstone states a birthdate of 8/31/1805 (only six months apart). Fanny's death certificate states that her age at death was 86 which would mean a birth year of 1804. Her birthdate has been stated accordingly.

 Daniel's dates are not clear. The Groveland cemetery transcription states his tombstone as reading "died 3/1/1890, aged 84 years". That would put his birthdate in late 1805/early 1806 which would conflict with Barbara's birthdate. He's also not found in the 1880 census. It's possible that the tombstone actually says "died 3/1/1880, aged 64 years" which would put his birthdate in mid-1815.

 REF: Bucks County Orphan's Court File #5794; Swartley Family History
 Henry's estate record lists six children. The Swartley Family History states that Henry also had a daughter Sarah who

married David Rickert. The Rickert Family History doesn't list either of the David Rickerts as having married a Sarah Swartley. If Henry did have a daughter Sarah who married David Rickert, she must have died before 1843 without issue.

MC1711 Daniel Artherholt 2/25/1769 – 5/3/1847 Brookfield Twp Trumbull Co OH

m abt 1790 **Elizabeth Rickert** abt 1770 – 1842 Brookfield Twp Trumbull Co OH

The 1800 census of Bedminster Twp shows that Daniel and Elizabeth had two daughters. Unfortunately, the 1810 census of Ohio is lost. The 1820 census of Trumbull Co OH has three Atherholt families: Daniel and Samuel in Brookfield Twp and John in Hartford Twp. Daniel's family had one male aged over 44, two males aged 10-15, one female aged over 44, one female aged 26-44 and two females aged 16-25. Samuel's family had one male aged 26-44, one male aged 19-25, one male aged 10-15, two males under 10, one female aged over 44, one female aged 26-44 and three females under 10. John's family has one male age 26-44, one male under 10, one female age 16-25 and two females under 10.

The History of Mercer County (1888) claims that Samuel moved from Brookfield Twp to Mercer County in 1828. Thus, it's most likely that the Atherholts who remained in Brookfield Twp are part of Daniel's family. By 1850 there were five Atherholt families in Brookfield Twp: John (born 1793 PA), Daniel (born 1805 PA), Nancy [widow?] (1810), Daniel (1818) and John A (1821). The 1805 Daniel and the husband of widow Nancy would fit as the two sons of Daniel Sr. aged 10-15 in 1820. The 1818 Daniel would fit as the one son of John born before 1820 (he is living only a couple houses from John in 1850). The 1821 John A would likely be another son of 1793 John (he is living next to 1818 Daniel and 1810 Nancy).

The 1793 John would certainly have to be a son of Daniel (because none of Frederick's other children were married by then and he cannot be the son of Frederick's brother Christian) but he's not included in the 1800 census. Since there is no other reasonable conclusion, he is included in the MC1711 Daniel family despite the 1800 census information.

While Daniel's daughters are not conclusively known, the records of Tohickon Reformed Church show that a Catharine Atherholt (born 1792) was married there to Joseph Krout in 1812. This Catharine cannot be a daughter of Frederick's brother Christian (since Christian's will proves that his daughter Catharine married Jacob Moyer) and Catharine can't be a daughter of Frederick since he died in 1789. Therefore, Catharine must be a granddaughter of Frederick and again must be from the Daniel family, despite the fact that she stayed in Bucks County while the rest of the family appears to have moved to Ohio. So she must be one of the daughters of Daniel listed in the 1800 census. The other daughters of Daniel are unknown at this time.

The burial place of Daniel and Elizabeth is unknown. However, there is an Artherholt Cemetery in Trumbull County which may have been a family burial place for Daniel's family.

Many sources claim that Samuel's wife was named Sarah Bibighaus. This is apparently based on the biography of his son David H. which appears in the History of Mercer County 1888. However, Bucks County estate files prove that his wife was Sarah, daughter of Jacob and Anna Zumstein/Sumstone. It is likely that the Mercer County History confused the maiden names of Samuel's mother and wife.

The History of Mercer County claims that Samuel and Sarah had four sons and three daughters, without naming them. The 1820 census shows three sons and three daughters. However, if David's birthdate of December 1820 is correct, and if other sources correctly claim the 1821 John and 1823 Joel as sons, then there would appear to have been seven sons and three daughters. It's possible that the Mercer County History was wrong. On the other hand, it's possible that David was actually born in Dec 1819 and that the supposed 1821 John is not really a son of Samuel (there is no 1821 John living in Mercer Co in 1850 and the 1821 John living in Trumbull Co OH is more likely to be from the Daniel family). That would reduce the number of sons to four. At present, the identity of the other son born before 1820 and one of the three daughters is unknown.

 REF: Bethlehem Globe Times obituary
 Samuel's birthdate is widely given as 11/15/1818. However, that would mean he was born only 6½ months before his sister Esther, whose birthdate is established by her baptism record. No baptism record or tombstone has been found for Samuel to confirm his birthdate. It seems likely that the date was 11/15/1817.

	He inherited 200 acres of Marcus' 300 acre farm and apparently living on the farm with his mother after his father's death in 1726. Henry first appears on the tax list of Coventry Twp, Chester Co in 1729. The land was surveyed to him in 1735 and in 1743 the land was in possession of Jacob Baugh, adjacent to the land of Marcus. He disappears from the tax list 1740-47 (the lists are missing between those dates). His land was patented to Jacob Bauch 1743.			
	Henry was granted life tenancy with his wife Elizabeth on the farm of Tory John Overholt in upper Tinicum Twp, Bucks Co. <i>"His children may be John and Frederick Overholt."</i> - John L Overholt			
	"Brother Marcus, in his will written 11/1/1759 leaves 2LB, 15 shillings to 'my brother Henry Overholdser' and in the settlement of the estate 1/19/1770 it shows Henry received his legacy." This Henry is NOT HW in the O Book.

Marcus will written 1759: "I do bequeath unto my brother Samuel his three children."

PROPOSED EXPLANATION: The Red Book page 149 shows **MT** Mark Overholt died in Tinicum in 1754. This takes him out of the legal documents, for he is already passed away. Next, **MC5** Samuel died in 1757. His wife Elizabeth either dies next, or married Samuel's brother **MC4** Marcus Oberholtzer. She dies within a year or two. Marcus has custody of Samuel's remaining three children, and bequeaths his estate to them in his will of 1759. He died in 1760.

Sold their 103 acres in Coventry Twp 1/13/1755. His brother Marcus, in his will written 1759, said "I do bequeath unto my brother Samuel his three children." In his Marcus Oberholtzer 1664-1726 article in *PMH*, John L Overholt has Samuel's 3 children as Marcus, Magdalena & Martin b c1745. I [Barbara Ford] found Magdalena in the Deep Run Cemetery b c 1741 & Staats was born c1743, therefore, I believe that Magdalena, Staats and Martin are siblings. See Mark Overholt (MT) of Tinicum Twp who could possibly be Samuel's son.

Jacob Beitley (Bechtel) administrator of Marcus Estate. Samuel Oberholtzer apparently died between 1755 deed selling land & 1759 when Marcus wrote his will. - Barbara Ford
