## HOW THIS BOOK IS ORGANIZED

Family Names are listed in alphabetical order, unless they were not known at the time of compiling. The family in Europe is designated by Roman Numerals going back in time. The number after the hyphen is the number order of the child's birth. If the order number is not known, the number is 0.

Siblings Number series run 1, 2, 3, 4, 5, 6, 7, 8, 9, 0, a, b, c , d, e, f, etc

(The following are hypothetical examples, not correct information):

## SL Samuel Oberholtzer

- 2009 Overholser Family Association  
Dennis L Oberholtzer, Compiling Editor

The Alemanni Tribe was transplanted from Alsace to the Canton of Zurich in the 5th Century C.E..  
The first known Alemanni family moved to the Hof (farm) of Oberholz in the 7th Century.  
"Oberholtz as a place name was used in the 13th Century." -John L. Overholt  
The farm of Oberholzer was documented Mar 5, 1438 (Kilger), with Farmer Oberholzer being persecuted in 15th Cent.  
Village history goes back to 1520 (Billeter), 1601 in the Hinwil District of Zurich (Gruenigen).  
There are several places in the district of Wald which the Oberholtzer families lived. But the original homestead was in the town of Oberholz; it is also called the Upper House typically by the Alemanni families.  
The Upper House families stayed Catholic (at least till the 20th Century). The valley families became Protestant. The younger generation moved to the "unter" (or Lower) House. This was at the Aa (meaning Spring) in the valley. As time progressed, a village grew up on the lower side of the Aa, and it became Aathal. The town of Wald is north, down the thal or valley from Aathal.  
The family of Oberholz worshiped in the Catholic Church of Eschenbach, on the west side of the ridge. Some church records still exist. This changed when there were enough people to build the Chapel in Oberholz.  
"Some Oberholtzers came as tenant farmers to Sinsheim in 1654, and settled in 1661. The Elector lived in a castle with a central tower 100 ft. high and walls 16 feet thick. He was a Protestant surrounded by Catholics... Six families came from Zurich, Only one family, widower Jacob with two children came to America." - John L. Overholt  
1731 - Martin & Jacob Oberholtzer appear as members of the Mennonite Congregation on the Herr Hoff(farm), in the Upper Palatinate, whence they came from Switzerland in earlier days. - See Miller, p. 209, John L. Overholt Papers

Bap.Feb.9,1634, twin; bu.Sept.14,1680. Hilsbach, tenant farmer at Buchenauer Hof; in 1634 aged 1 in Aa, Wald; in 1641 aged 6; by 1657 emigrated from Wald to Sinsheim in the Palatinate; in 1660 lived at Immelhausen; in 1661 keeper of the church property when he attended the Steinsfurt meeting; in 1663 listed as Anabaptist in the Palatinatne. -Pa. Mennonite Heritage, April 1990  
"On May 21, 1660, a report was sent to church officials that Marx Oberholtzer, from the Zurich region, brother of the tenant on the church property of Immelhausen, Germany, wanted to marry Margareth Dobler of Zwald, a servant of his brother, but gave no assurance that he would abide by the church discipline or conform to its ceremonies.

A number of the Wiedertaufer wish to settle here, which people practice their religious exercises partly in the forest, partly in their houses, and some have their land on the church support land. Many adapt well, among them is Marx Oberholtzer, who announced that he plans to marry his brother's servant, but does not intend to have his marriage announced publicly.

Marx Oberholtzer attended the Steinsfurt meeting on March 2, 1661, with three persons, and was keeper of the Immelhausen land, under the jurisdiction of the church and had property valued at 300 florin. His burial on September 14, 1680, is recorded in the Hilsbach church book, where he is listed as an Anabaptist tenant farmer at Buchenauer Hof, and was buried without singing or bells."

AMERICAN FAMILY:

**SL Samuel Oberholtzer** b c1693- bap c 1700 EUR - wp May 2, 1748 Immigrant on ship "Molly" 1727  
m Heidelberg, **Elizabeth Frick** - 1758?

Elizabeth's brother was guardian of two of Martin's children. Since Martin's wife has been identified as Frantz, there is no other person that fits the category of Uncle Jacob Frick than this Elizabeth's brother. The Jacob Frick referred to here evidently is not Jacob of 1684, who lived at Neffsville and is buried in Landisville Reformed Cemetery. There is another Jacob Frick of Manheim Twp, which is probably Elizabeth's brother.

- See LMHS Card File for Jacob Frick of Manheim Twp.

Children: Jacob, Martin, Elizabeth , Ann, Magdelena , Veronica

The Foriegn Needs Commission of the Mennonite Church in Holland paid passafes for all 45 Mennonites (10 families) who lacked funds to pay their own way on the Molly which included Samuel. He went to Lancaster County and probably squatted on about 195 acres until Conestoga Manor officially opened for settlement after the Penn estate was settled and on 5/26/1746 purchased 207 acres in Manor Twp from Michael Baughman. Samuel's name was on a Swisser Name list made 4/2/1728 of Mennonite property holders of the Conestoga Settlement when they solicited for naturalization, which seemed necessary for clear title to land ownership. - *The Oberholtzer Book*, p 69

On the tombstone in Oberholtzer Schoolhouse Cemetery (now the only stone standing 2009), Mary's dates are 1765-1800. Her death date is wrong because of a deed dated 1/9/1796 in which Christian Overholser and Ann his wife, late Ann Wenger, received money from her late husband Michael's estate. Therefore, John b 1797 would be the s/o Ann. Christian lived in Mt Joy, Lancaster Co until 1802 when he purchased land in Londonderry Lebanon Co. He was a minister in the circuit of Lebanon & Dauphin Co.

What is interesting about this is not just that two wives are buried beside each other without the husband. This is the father of our beloved "original genealogist" Isaiah E Oberholtzer, the missionary to China. The dates on these two stones both differ from the OFA File Records. Also, the middle initial of both ladies are missing from our records. Any descendant of this family, who may be tracing their ancestors, would have run into a roadblock without the female Middle Initial. This is major evidence why it is important to visit and maintain our ancestral cemeteries.

Samuel Oberholtzer was born 1755 and died 1822. He was born in Millersville, Pa. . He was an outstanding church man. For many years the Mennonites held services in his home. By 1800 a log house was already built in his woods for a place of worship, and school purposes. It was the 1st school in Rothsville and the 1st Mennonite church in the Hess and Hammercreek district. About 1856 a brick church was built about two miles north-west of the old Oberholtzer home to take the place of the log house. It is now known as the Hess Meeting house. In 1883 the above farm was in the hands of Jacob Bollinger. In 1819 he bought the Stack farm immediately above Reistville. The burial place is near Rothsville on the present day Henry Myers farm.

His first wife was Anna Whistler, d/o Christian Wissler & Barbara Newkommend, whom he married sometime before 1791, because at this time he was found owning a small tract of land adjacent to his older brother Christian in Mt. Joy Twp. somewhere in the shadow of the Oberholtzer school house. Rev. Walter Oberholtzer has a deed that has been handed down, saying that on May 14, 1791 Samuel Oberholtzer and his wife Ann deeded to Michael Reider 573/4 acres of land. He wrote in German but his wife made the mark. Following this he likely left his brother and returned to Warwick Twp.

*Some wrong information by Ellis & Evans states that after 1750 the Mennonites held services in the Hammer Creek District. It was not until 1808 that Samuel Oberholtzer inherited the Wissler property and moved there. Hammer Creek Mennonite Church does not sit on property of the log house built in Oberholtzer's Woods. It is miles away on the west end of Clay Twp.*

Samuel Oberholtzer's will was made June 24, 1822 and recorded April 4, 1826. John Schrantz of Warwick and Christian Oberholtzer of Earl Twp were appointed as executors. It conveyed to Jacob Oberholtzer the farm at Achey's Corner which Samuel had bought of Henry Strach Jr on Nov 1, 1819. Samuel's buildings consisted of two tracts. "Jacob receives the plantation in Heidelberg Twp Lebanon Co of 127 acres out of 140 acres for #6985.00. The

rest of the land shall be sold and Jacob is to have #1200... (2) Also 15 acres of land...."

The book "Frontiers of Faithfulness, The Story Of The Groffdale Mennonite Church" by A. Grace Wenger tells of early life in Lancaster County, Penna. In this book Christian Oberholtzer is said to have been a trustee at the church in 1846, 1866 & 1867 (page 77). He also contributed to the building fund for the 1823 meetinghouse (page 48) . He is buried in the cemetery behind the present church, in a row of mostly Oberholtzer family members.

 An exert from a letter to Dennis L Oberholtzer:  
 "My dad died in 1982, and Mother and I lived together here, in Maryland. Mother died last December 29th. She was quite ill during the last year, but our two doggies and I took good care of her at home with occasional visiting nurses and a therapist. Mother left this house to me, where the doggies and I plan to stay for the foreseeable future. - despite the two acres, etc. to care for.  
 "You may have known or heard of Raymond Buckwalter, of Littiz, one of the founders of New Holland Machine. He and my dad were boyhood friends on adjoining farms near Neffsville, and remained friends throughout their lives.  
 "Bucky" asked my dad, we lived in Newark, Delaware then, to look for a place for him on the Chesapeake Bay. My dad found the place I live in now, for Bucky, and Bucky bought it. He and his family were here one summer, in 1955, and he saw a place nearby that he liked better, and offered this place to my dad. My dad bought it, and we used it as a summer cottage until 1976. Then, it was "winterized" and we lived here year-round. The house is about 15 feet from the edge of the water - the Elk River.  
 "The Chesapeake and Delaware Canal enters the Elk River just near the house. It's one of the busiest canals in the world. Almost all traffic travelling from Philadelphia to Baltimore goes through the canal, because it reduces the trip by about 350 miles - "the trip" meaning down the Delaware Bay, around Cape May, and up the Chesapeake Bay to Baltimore." -Bruce Oberholtzer

Owned Overholser Woolen Mill, Safe Harbor

"Daniel purchased a woolen & grist mill at Wabank, Lancaster Twp, and conducted these interests until his death. Son Martin L. Overholser, 1st President of the OFA, took over the management of the woolen mill at Wabank for a number of years. Still later he became independently active in the wool and yarn business at Rock Hill, but his plant was destroyed by fire and he removed to Safe Harbor. Conditions became uncertain, and Martin retired from the field. Martin lived on a farm at Slackwater, PA from 1892 to 1903; and in the winter of 1917-1918 ran trucking and market-gardening at Safe Harbor."
